Team Building

4x4 Challenge Platinum

4x4 navigation activity, on which team will have to navigate trough woods, valleys and difficult tracks. With a compass and a map, teams will have to find all the check points in the least time possible. During the activity, they may also find several challenges. Each team will find some puzzles that have to solve together, and three extra challenges (dynamic group games). There will be a tasting of delicious regional candies and liquors. An activity where time management, teamwork and strategy adopted makes all the difference.
